## Directions:

- Partner A: Cover up a number. That is your score for this turn.
- Partner B: Cover up all the factors of that number. The sum of the factors is your score for this turn.
- Take turns choosing numbers and finding factors.
- If a partner chooses a number with no uncovered factors remaining, that partner loses a turn and does not get any points for the round.
- The game ends when there are no numbers left with uncovered factors. The partner with the higher score wins.

1	2	3	4	5	6
7	8	9	10	11	12
13	14	15	16	17	18
19	20	21	22	23	24
25	26	27	28	29	30
31	32	33	34	35	36

## Directions:

- Partner A: Cover up an even number that is less than 50.
- Partner B: Cover up a factor or multiple of the number your partner just covered.
- Take turns covering factors or multiples of the previous number.
- The round ends when there are no factors or multiples of the previous number left to cover. The last partner to cover a number gets a point.
- If a partner chooses a starting number that doesn't have any uncovered factors and multiples, that player loses a turn and does not get any points for the round.
- The game ends after 10 rounds. The player with more points wins.

1	2	3	4	5	6	7	8	9	10
