

Kendall Hunt’s Illustrative Mathematics 6-8 Mathematics curriculum is an Open Educational Resources (OER) and are free to download and use with a CC-BY license. Cost of this program is limited to printed teacher and student material as well as Professional learning opportunities. Manipulative kits are available for grades 6-8.

Print Materials: This curriculum’s content is available in ready-to-print files which are available for free on our website. Teachers can create an account on the KH/IM site to get full access to the materials, including assessments: <https://im.kendallhunt.com/auth/login>.

Both student and teacher materials can be purchased in conventionally printed, full color workbooks. Kendall Hunt Print materials will provide significant price savings over self-printed materials. Each consumable student workbook is available in three, 3 unit volumes and the Teacher materials contain all 9 units and the additional Teacher Course Guide.

Please direct all questions to Elizabeth Koppes, K-12 Sales Consultant, 800-542-6657 ext 1065, email: ekoppes@kendallhunt.com
